2015 Summer Reading Begins May 18

Summer is here, and once again the Milwaukee Public Library's Super Reader Program is calling on kids to read every day to stay smart and sharp.

Keeping children's minds active with reading is one of the best ways to combat brain drain during the long summer months when kids are out of the classroom. Research shows that children who do not read over the summer can see the knowledge and skills they developed throughout the school year begin to diminish, setting them back when school starts again in the fall. Fifteen minutes of daily reading is all that is needed to stop this brain drain. Whether it be 15 minutes at one time or spread throughout the day, daily reading is a great habit to develop. Reading daily leads to better readers, and good readers do better academically.

The Super Reader Program, for kids ages 12 and under, offers fun and enriching reading incentives. Participants earn prizes for signing up, reporting their reading to librarians, and completing the program. Whether Super Readers are reading to educate or to entertain, they should read what they love. Children are more motivated to read when they can pick books that suit their interests, and at the library, they can find the things they'll love.

Children who are too young to read on their own can participate by listening to stories read by others. Reading aloud to young children is an especially good way to model a love of reading and to help little ones get ready to read. Adults can read to kids; and kids can read to adults, to friends and siblings, or even to the family dog. Listening to audio books counts, too!

Summer reading is equally important for teens. While teens might be busy with jobs and extracurricular commitments, finding time to read every day will support them in their future endeavors, including college and the workplace. Young adults ages 13-18 can participate in Put Your Face in a Book, which, like the Super Reader program, offers incentives for making reading a priority in life. Great books for teens, in a variety of genres and exploring innumerable topics, can be found at the library.

Encouraging children and teens to read what they love for at least 15 minutes per day will foster reading as a lifelong pursuit, the greatest incentive of all! Both the Super Reader Program and Put Your Face in a book run from May 18 to August 31. For more information, please visit the library's website: www.mpl.org/summerreading/.

FROM THE

LIBRARY DIRECTOR

PAULA A. KIELY

I'm always delighted to walk through our libraries in the summer and see them crowded with children filling out Summer Reading folders, participating in programs, carrying home yard signs, window clings and free books. It brings to mind my own excitement as a child whenever summer reading time rolled around full of the promise of lazy summer days spent reading the many favorite books I discovered at the library.

But why should the kids have all the fun? There's no reason summer reading excitement should stop at any age. Librarians are always ready with new recommendations for the next great read. Give them the titles of the last few books you enjoyed and they'll find something new that fits your interests.

And speaking of something new, stop by the new East Branch and take part in the **Book to Art Club** for adults. Engage with popular literature in a hands-on, imaginative way each month. Read the selected novel, then work on an art project inspired by the story. **The first program in the series is on Tuesday, May 26 at 6 p.m.** and features *Where'd You Go, Bernadette* by Maria Semple. Register for the program online at mpl.org or call 414.286.3011 by May 22. Additional programs are scheduled for June 23, July 28 and August 25, all at the East Branch.

How about starting your own summer book club? Get together with friends in the backyard and read this summer's offerings by best selling authors Catherine Coulter, J.A. Jance, Iris Johansen or Stuart Woods while sipping some lemonade or iced tea. Or maybe it's time to put that new fire pit to use for an evening of scintillating literary conversation by starlight?

Whether you take a book to the beach, on the plane, or just in the backyard, make reading a special part of your summer this year and feel like a kid again!

Wheeling Through Yellowstone

Early Bicycling in America's First National Park, 1883-1898

Between 1883 and 1898 a number of intrepid tourists and African-American members of the 25th Infantry Bicycle Corps rode their bicycles through some of the most amazing scenery and worst roads in the country.

Historian and Yellowstone Park Ranger Wes Hardin describes the triumphs and trials of this unique experience in an illustrated talk on **Saturday, May 9 at 2 p.m.** in Central Library's Richard E. and Lucile Krug Rare Books Room.

A rare document from the Krug Rare Books Room titled *Military Cycling in the Rocky Mountains* was consulted for this program and will be on display.

Registration is requested; call 286-3071.

Friends and Docents Tour Studios Preserving Historic Central Library

What a thrill to tour the renowned Conrad Schmitt Studios in February with fellow Friends members and docents! On the workroom floor, artisans were laboring on stained glass using methods passed down through the ages.

Elsewhere, designers were producing restoration renderings using Photoshop and 3D modeling software. We gingerly touched gossamer sheets of gold leaf and viewed miniscule paint core samples from Central Library through a 3D microscope.

Thanks for letting us participate in this tour!

Docent Tour Founder Elaine Berke Retires

It is with much appreciation that the staff of the Milwaukee Public Library recognizes Elaine Berke for 26 years of exemplary service as a volunteer and docent.

Elaine shared her expertise from years of docent work at the Milwaukee Art Museum and worked closely with Library staff to develop a docent-led architectural tour of the Central Library after years of renovation work were completed.

The program launched in 2001 and since then, Elaine has given tours for hundreds of visitors, some of whom were inspired to then volunteer as docents themselves.

Elaine officially retired from docent service in April.

Take a Tour of Beautiful Central Library

Last year, hundreds of MPL visitors were treated to FREE guided tours of Central Library every Saturday which provided background on the architecture and history of the building.
