

Tech Trends

Exciting Technologies that Entertain, Assist and Educate

This three-part informational series explores current trends in technology. Learn about popular services that dominate the news headlines and are changing the way we access information such as music, television and news.

Coding

Coding language builds the structure of modern technology. It can be as simple as assembling instructions to move a robot, to as complex as learning a whole new language. Learn about the benefits of coding and the different ways it has evolved in pop culture.

Monday, Sep 24, 2-3 pm
Villard Square • 5190 N. 35th St.

Monday, Sep 24, 2-3 pm
East • 2320 N. Cramer St.
