

## Media Advisory – Interview Opportunity

### CRUSH THE SHUSH!!!

The Milwaukee Public Library Mitchell Street Branch is about to get LOUD as it invites Milwaukee residents to leave their “indoor voices” at home for a free wrestling event with Mondo Lucha – Milwaukee’s very own show-stopping Mexican-style professional wrestling show - on **Friday, December 1<sup>st</sup>**.

The event is part of MPL’s Library Loud Days series, which offers free, fun and LOUD events to showcase the library as so much more than a place to check out books, but a place to converse, connect, explore and learn. In fact, the Mitchell Street Branch features a maker space complete with a recording studio, audio and video edit stations, and a community kitchen.

Members of the media are invited to attend the event and experience what the new definition of a library is all about, see the new maker space and get some unbelievable footage of one of Milwaukee’s most talked about local experiences.
